

Simarco International Selects CargoWise For Enterprise Solution

- CargoWise's ediEnterprise System To Manage Warehousing Services for the Company -

Milton Keynes, UK, July 22, 2010 — CargoWise®, a globally recognized technology supplier for logistics service providers, has been selected to provide a warehouse management software system for Simarco International Ltd, an award winning provider of international freight and logistics services. CargoWise's ediEnterprise system has been implemented to handle the company's warehouse management services at the company's headquarters in Witham, UK.

"Simarco International has a prestigious reputation with diverse portfolio offerings and we are delighted to welcome the company as a new client," said Andrea Robinson, Business Development Manager – UK for CargoWise. "CargoWise's ediEnterprise solution will help to future-proof Simarco International's business for years to come and add value wherever possible. We look forward to a successful partnership as the company continues to expand its warehouse service offerings."

"CargoWise's flexible ediEnterprise solution is a great fit for our current and future business needs as we continue our unprecedented growth in our warehousing services," said Barry Spencer, Warehousing & Distribution Director of Simarco International. "Key areas such as its online stock inventory and electronic order management capabilities will help us manage and report our business effectively and enable us to make the best business decisions based on key business intelligence. We are now able to focus on our expansion plans and offer greater innovation and efficiencies for our customers."
